'French Crosswords' engages pupils in an enjoyable way to translate and explore the meanings of thousands of words and phrases. Pupils become more familiar with the vocabulary related to common topics and gain in confidence and knowledge. The crosswords can all be used at any time and are equally suitable for homework or classwork. The resource pack is available as printed photocopy masters (200+ pages) or on CD ROM in Microsoft Word format. The CD ROM also provides 205 interactive crosswords which are ideally suited for an interactive whiteboard as part of a whole class activity. The interactive crosswords can also be used on a single computer or network to support individual study - you can view, complete, check and print crosswords from within your favourite Web Browser, e.g. Internet Explorer. Differentiation is achieved by the split into Foundation and Higher, and also by the provision of crossword support sheets which include the solution words in alphabetical order.
